

! The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately.

This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, www.boonchapman.com. For general definitions of common terms, such as [allowed amount](#), [balance billing](#), [coinsurance](#), [copayment](#), [deductible](#), [provider](#), or other underlined terms, see the Glossary. Important Questions	Answers	Why This Matters:
What is the overall deductible ?	\$1500 individual / \$3000 family for Network \$3000 individual / \$6000 family for Out of Network	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible . This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there services covered before you meet your deductible ?	Yes. Preventive services are covered before you meet your deductible .	You don't have to meet deductibles for specific services.
Are there other deductibles for specific services?	No.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met. Even though you pay these expenses, they don't count toward the out-of-pocket limit .
What is the out-of-pocket limit for this plan ?	\$5500 individual / \$11000 family for Network \$17000 individual / \$32000 family Out of Network	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an Out of Network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your Network provider might use an Out of Network provider for some services (such as lab work). Check with your provider before you get services.
Will you pay less if you use a network provider ?	Yes. See www.aetna.com/asa or call 1-800-252-9653 for a list of participating providers.	You can see the specialist you choose without permission from this plan.
Do you need a referral to see a specialist ?	No. You don't need a referral to see a specialist .	

All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.

About these Coverage Examples:

	This is not a cost estimator. Treatments shown are just examples of how this plan might cover medical care. Your actual costs will be different depending on the actual care you receive, the prices your providers charge, and many other factors. Focus on the cost sharing amounts (deductibles, copayments and coinsurance) and excluded services under the plan. Use this information to compare the portion of costs you might pay under different health plans. Please note these coverage examples are based on self-only coverage.
